### Switchgear / Tap Switches

For over 28 years, RoMan Manufacturing has been supplying high current and high voltage Switchgear / Tap Switches to the following industries:

- Glass
- Plating / Coating
- Automotive
- Rail
- Aerospace
- Military
- Power Generation
- Welding
- Furnace

RoMan Switchgear / Tap Switches are available in single, or multiple-phase configurations from 100 to 7,500 amps with voltage ratings from 5 - 15,000 volts. Our engineering team has the capabilities to customize a switch solution to meet specific customer applications and design specifications including:

- Pneumatic Operation
- Mechanical Lock-Out
- Motorized Operation
- Remote Control Operation
- Auxiliary Position Indicators
- Mechanical Lock-Out
- Knife and Blade Types
